

Discovery Gas Transmission, LLC
Credit Application Instructions

Dear Prospective Customer,

Effective September 1, 2005, the Federal Energy Regulatory Commission (“FERC”) adopted the North American Energy Standards Board (“NAESB”) Creditworthiness Standards. As a result Transportation Service Providers (TSPs) are now required to request and provide certain information relating to a Service Requesters (SRs) creditworthiness. In order for the TSP to be able to perform the mandatory creditworthiness review it is required that you provide the following items:

- Completed Credit Application.
- Current interim financial statements of applicant. (Requests for financial information will occur on a continuing basis.)
- The most recent two years of the annual audited financial statements of the applicant and/or the parent company if appropriate. If audited statements are not available an officer must provide a written attestation to the validity of the statements provided.
- The most recent 10K of the applicant and/or parent company if appropriate.
 - Check if available online Web address: _____
- Three trade references.
- Provide contact information for up to two (2) Credit representatives (must provide email addresses for notifications) on the following application
- IRS Form W-9 for the Applicant and/or Guarantor

Thank you for your cooperation. Please send all requested information to Tim Neuman at the address listed below.
